LIVE PROJECTS & PORTFOLIO (CLICKABLE LINKS)

Personal Portfolio: pibrains.com Custom designed portfolio site showcasing UI, dynamic motion, and full-stack contact portals.	MLM Platform: fsfoundations.com Highly scalable MLM system built on Laravel with integrated transaction processing.
MLM System: nilexuma.com Customized MLM framework with automated account tier tracking logic.	E-commerce MLM: waycrest.mbizz.in Comprehensive product e-shop featuring referral-based MLM downline integration.
E-commerce MLM: vedacare.mbizz.in E-commerce platform optimized for organic product base and customer affiliate flow.	MLM Product Base: pragati.mbizz.in Specialized user portal and ordering framework for multi-tier product networking.
NGO Portal: bhudev.mbizz.in Public portal with payment gateway integrations for charity collections.	NGO Management: shineoncare.mbizz.in Administrative management system for volunteer tasks and campaign logistics.
Student Management: srikrishnafoundation.com Internal database framework to track student records, courses, and fee schedules.	Frontend Showcase: wiserfox.co.in Animated brand promotion landing page with highly polished scrolling dynamics (GSAP).
Flask EMS (New Project): https://flask-app-indol-one.vercel.app/ Full-featured CRUD-based Employee Management System built with Python & Flask, deployed live via GitHub and Vercel. Demonstrates recently acquired skills in Flask, SQLAlchemy, MySQL, authentication, and session management.	

PROFESSIONAL EXPERIENCE

Software Developer • Shubham Infotech, Varanasi, Uttar Pradesh	July 2025 – Present
- Led the development and deployment of 7+ dynamic web applications (MLM, NGO, E-commerce, Student Management) utilizing Laravel and modern frontend stacks. - Designed and optimized MySQL relational database schemas to ensure data integrity and query speed for scalable applications. - Managed the full software development lifecycle (SDLC) from requirement analysis to final production deployment and hosting. - Collaborated directly with clients through meetings to translate business requirements into technical features. - Developed responsive interfaces using Tailwind CSS and advanced JavaScript, improving desktop and mobile usability. - Implemented secure RESTful APIs to connect internal backend logic with frontend UI components.	

SUMMARY

Highly motivated Full Stack Developer with 1 year of comprehensive experience in designing, developing, and deploying robust web applications. Committed to applying clean code architecture and software engineering best practices to build scalable, high-performance systems.

EDUCATION & CREDENTIALS

BCA (Bachelor of Computer Applications) • 2025 – 2026 (Pursuing) Rastraveer Nihalarathi Collage, Varanasi, Uttar Pradesh	O-Level Certification (NIELIT) • Grade C (2024 – 2025) Talent Computer Classes
10th & 12th Grade • Completed Kashinath Vishwavidyalaya Kakarahi, Saidpur, Gazipur, UP	Languages: English (Professional), Hindi (Native)
